ONLINE: [www.roc.uk.com/wirral](http://www.roc.uk.com/wirral)  
OR CALL: ANDY BELL ON 0161 393 4511

*in partnership with...*

[www.roc.uk.com](http://www.roc.uk.com)

Come to meet with others from your local community including police and fire services, the local council and churches to discuss ways of working together for the good of the community.

**ROC Conversations bring key community contributors together to turn dreams into reality.** The programme will include time for round table discussions and feedback. The main focus of the evening will be around the relaunch of the Wirral Neighbourhood Justice scheme as ROC Restore Wirral.

ROC Restore is a form of Restorative Justice (RJ) undertaken by community members in facilitated meetings. The aim is to bring together victims and perpetrators of low-level crime, anti-social behaviour and nuisance in a meeting where trained volunteers use restorative or reparative approaches to agree on a course of action for those involved.

“It is imperative that police officers work alongside our communities to forge strong relationships and strengthen bonds. By enhancing our communication with a variety of key partner agencies within our local communities this assists in highlighting issues and areas of concern among those individuals we are employed to protect. Redeeming our Communities is an excellent initiative and provides a vital link between hard to reach groups and the police to ensure there is a constant and important stream of two way information sharing.”

Andy Cooke QPM  
Chief Constable, Merseyside Police

**Please come along - together we can make a real difference.**
