Well done, yet again, team,

We are 0.1% closer to the 97% school target and normally this term is one in which we have lots of absences due to coughs, colds and sore throats. Remember, every single child makes a huge difference to our school and 'one day off,' really does matter. I would therefore like to thank all of the families and children who are continuing to work tirelessly to improve our whole school attendance.

PUNCTUALITY

The next area that we need to work on to improve together is the punctuality of some of our children. There are currently over **21 children** that have missed **more than 60 minutes** of learning due to being persistently late. Can I remind all parents of the following times for children at Sandbrook:

School Gates Open: 8:45am

Children in Class Learning: 8:50am

Children Recorded as Late : After 8:55am

Children Recorded as Absent: After 9:20am

It is the policy of the local authority that schools should issue fixed penalty notices to any families whose children are late for school (after 9:20am) on 10 or more separate occasions in any one term.

I will be writing to families individually if they are in danger of being issued with a FPN for punctuality.
