

ATTENDANCE MATTERS

TARGET
100%

CURRENT
94.3%

You may have noticed that our target has changed. The Local Authority are having a big push on attendance and have reviewed their advice and guidance to schools. We want everyone to strive for 100% and this will help us to increase our school overall percentage.

This week's Attendance Cup winners are Class 3/4 with 96.4%.

Well done to our 100 Heroes:

Stop norovirus spreading this winter

Norovirus, sometimes known as the 'winter vomiting bug', is the most common stomach bug in the UK, affecting people of all ages. It is highly contagious and is transmitted by contact with contaminated surfaces, an infected person, or consumption of contaminated food or water.

Good hand hygiene is important to stop the spread of the virus. People are advised to:

- ⇒ Wash their hands thoroughly using soap and water and drying them after using the toilet, before preparing food and eating
- ⇒ Not rely on alcohol gels as these do not kill the virus

What they could miss...
