Next week it could be you. Join now.

With this newsletter, you should have received your child's attendance card. This card tells you the percentage attendance for your child for the year. We have a large number of families who are doing an amazing job with attendance — 18 children with 100% and 28 with attendance over 96%. Great job!

As you may know, improving attendance was one of our action points from our last inspection. We need attendance to be good so that we can give each child the best possible chance of success.

We know that sometimes life throws us events that are out of our control and that this can cause absences.

Take care over the half term—enjoy any sun we get safely, follow the COVID guidance and enjoy time with your children.

We will see you all back on the 7th June.

Catering Charges

From 1st June 2021 in line with government funding the price of a child meal will increase by 4p to £2.34. Regrettably this is due to the on-going pandemic and the extra costs incurred by our caterers.
