

**18th June 2021****Summer 2 Week 2****Special Points of Interest**

- Attendance
- Eating vegetables
- Lottery
- FS1 Applications
- Covid
- Settlement Scheme

Dates for your diary
-----**Lottery Winner***This could be you !*

Next week it could be you. Join now.

Eat it to Defeat it

Eat it to defeat it booklets were sent home with your child at the end of last week outlining the importance of trying different fruit and vegetables at home. Following on from this, twice a week for the next 3 weeks we will be trying a selection of vegetables; carrots, peppers, peas, broccoli, sweetcorn and tomatoes during the morning break, with the hope that it can be carried on at home. We will follow our school allergy guidance, if you do not wish your child to take part please contact the school office.

Nursery Applications

If you have a child aged 3 or over who will be starting Foundation Stage 1 in September, please fill in and return your application form to reception ASAP.

Summer Remember

- Apply sun cream before school
- Provide a water bottle
- Provide a sun hat.

School Lottery

The school lottery is drawn every Saturday. You have to be in it to win it, so why not join and encourage family members to do the same. The more people that join, the higher the prize fund - NEXT time it could be you!

All participants will be entered into a National draw and you could be the lucky winner of a years supply of fruit and veg delivered to your home. See posters around school.

This week's class attendance

FS2	1/2	3/4	5/6
95.0%	95.9%	96.2%	94.8%

COVID on the rise

We have to keep going!

It is really important to stick to the guidance and rules about COVID as we all try to tackle the rise in cases from the delta variant.

If a parent or carer is experiencing one of the 3 main COVID symptoms and is waiting for the results of a PCR test, they should NOT send their children into schools while they are awaiting the results. If a parent/carers is waiting for a PCR result, both they and their children could potentially be infectious and therefore the children should not be attending school while the parent is waiting for their test result. If the parent receives a negative PCR result, their children can return to school. If the parent/carers receives a positive result, they and their family members have to self-isolate for the full 10 days.

Other Important Updates

Now that the UK has left the European Union, children and adults from other European countries who live in the UK may need to apply for permission to stay. It is important that anyone who is an EU, EEA or Swiss citizen, are made aware that they and their family members may be eligible to apply to the Settlement Scheme. It is crucial that eligible parents apply to the Scheme themselves and check whether they need to do so on behalf of their children. Eligible children are required to have an application in their own right and no child of any age is covered by a parent's application to the EUSS. There's more information on this here on [GOV.UK](https://www.gov.uk).

To provide additional guidance, a [very clear EUSS leaflet has been produced by the University of Liverpool](#), in partnership with the Home Office. It has been designed with children in mind and is intended to support both children and parents with information to help them apply to the EUSS. A set of accompanying FAQs are available too. Applications to the EUSS are free and can be made online at www.gov.uk/eusettlementscheme where more information about how to apply can be found.
