This term Year 6 are continuing to learn about the Slave Trade, deepening their knowledge to explore how it's effects are still impacting on the world today. The children have been inspired by the topic and are questioning how anyone could ever have felt it to be acceptable to own another person. It has also caused them to think about the impact of a consumer society on those who manufacture ever cheaper goods.

In science we have started exploring the wide variety of amazing systems that make up the human body. We have begun by exploring the cardio-vascular system. Over the coming weeks we will be investigating this awe-inspiring system through a number of very creative experiments.

Year 6 will also be continuing their art topic on Antarctic landscapes. The children are looking forward to finishing their final pieces. We will then be moving onto exploring the work of Klimt and Lichtenstein. We hope to conclude our exploration of major twentieth century artists with a visit to the Lady Lever Art Gallery.

Please note:- KS2 National Curriculum (SAT's) test week begins on Monday 13th May.

May we respectfully request that all children are in on time each day and have had plenty of sleep.

Summer

As the weather continues to improve, please ensure that children have been applied with suncream before coming to school. Please make sure that they have a water bottle, and a sun hat.

Book Fair

The second week of the book fair continues to be held in the old year 3 classroom, entrance accessible from the playground at 3.15pm from Tuesday 7th to Friday 10th May. Please help your child's reading by purchasing new and exciting books.

Stay and Play

Our brand new Stay and Play session takes place on a Wednesday morning between 9.30am and 12noon for children aged 0-4 years. The sessions allow your child to explore and develop their curiosity. There will be a 50p contribution for juice and biscuit. Entrance via side of reception.
